

2022 Financial Statement

2022 Financial Statement

Executive Summary

In 2022, Humanity Relief Wave continued to expand its efforts to provide critical relief to those affected by crises worldwide. We focused on delivering aid to regions impacted by natural disasters, conflicts, and pandemics, reaching over 1 million individuals. Our work included the distribution of food, medical supplies, and shelter, along with long-term recovery programs aimed at rebuilding communities.

Financial Overview

Humanity Relief Wave managed a budget of \$50 million in 2022, with 85% of funds allocated directly to program services. Our transparent financial practices ensure that donations are used effectively. Revenue sources included individual donations (50%), corporate partnerships (30%), and grants from international organizations (20%).

Operational Highlights

Key operational achievements in 2022 included the establishment of new relief centers in three additional countries, the deployment of over 500 volunteers, and the successful completion of 200+ projects. Our disaster response teams were on the ground within 24 hours of major events, providing immediate assistance.

Future Plans

2022 Financial Statement

Looking ahead to 2023, Humanity Relief Wave aims to increase its reach and impact by leveraging technology for better disaster prediction and response. We plan to launch a new mobile app to streamline volunteer coordination and enhance our fundraising efforts through innovative online campaigns.

Acknowledgements

We extend our deepest gratitude to our donors, volunteers, and partners who make our work possible. Your unwavering support and generosity have enabled us to bring hope and relief to countless individuals and communities.
